Gianluca frequently carries out Condition Surveys, Draft Surveys, Bunker Surveys, Investigative Surveys, Loss Prevention Surveys and Cargo Surveys.

### **Background**

A Master Mariner with 10 years' experience at sea on board oil / chemical tankers and passenger ships.

On coming ashore Gianluca joined Wendt & Co in UK as a Cargo Surveyor. Between 2002 and 2010 he worked at ISA Ltd, a subsidiary of WK Webster & Co Ltd as a Cargo Surveyor / Loss Adjuster and Salvage Sale Broker. During this period Gianluca also trained as a claims handler, dealing with General Average and Salvage aspects of marine casualties, on behalf of cargo interests.

Between 2010 and 2012 Gianluca worked in Saudi Arabia as Shipping & Insurance Manager for Sharbatly Co, the largest importer of fresh produce in the Middle East. Gianluca was responsible for the shipping / port operations of the company and the commercial relationships with major container carriers worldwide.

Throughout his surveying career, Gianluca has specialised in refrigerated products, bulk commodities, steel, forest products and containerised general cargoes.

From 2002 to 2009 Gianluca was involved in loss prevention surveys in the wind power industry acting for the insurers of Vestas Wind Systems A/S attending on board general cargo and heavy lift vessels in UK to supervise loading and lashing of Wind Turbine Blades.

Gianluca regularly speaks at industry events and seminars.

Gianluca is a native Italian speaker and also speaks Spanish fluently.
