

OSCAR DRAGON BOAT RACE 2024: MARITIME INDUSTRY UNITES TO RAISE £666,000 FOR CHILDREN'S CARE

On September 13, 2024, TMC Marine proudly participated in the OSCAR Dragon Boat Race, held at the London Docklands, under clear blue skies and late summer sunshine. This annual event, organized to support the OSCAR Campaign and Great Ormond Street Hospital for Children (GOSH), brought together 30 teams from across the maritime sector. With fierce but friendly competition, the event aimed to raise much-needed funds for children's care. This year marked a record-breaking achievement, with £666,000 raised for GOSH, contributing to the OSCAR Campaign's overall total of over £2 million. TMC Marine, along with many other dedicated participants, paddled their way through the event, sadly not taking home the victory but enjoying a memorable day of camaraderie and charitable spirit.

The OSCAR Campaign, named after Oscar Parry, the son of Spinnaker Chairman Phil Parry, holds a special place in the hearts of those involved. Oscar, who bravely battled two types of leukemia from a young age and underwent experimental treatments, is now a testament to the vital research and medical advancements at GOSH. The 2024 Dragon Boat Race brought together top finalists including teams from Kpler, Coolco, Borealis, and Oldendorff Carriers, as well as many others, including Thomas Miller 2, Union Maritime, and the Baltic Exchange, who all contributed along side us to the incredible success of the day. Thanks to the generosity of sponsors, participants, and donors, this event continues to make a meaningful impact on the lives of children at GOSH.

If you haven't already donated, there is still an opportunity to support this incredible cause. Please consider donating by visiting TMC Marine's [JustGiving page](#) to help make a difference in the lives of children receiving care at GOSH.

See you all next year!
